

(a) Real-image observations define localization identity

track 3311 · view 1

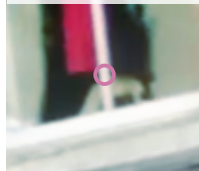

track 2061 · view 2

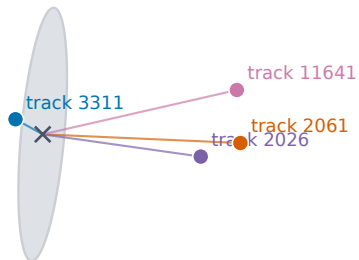

track 2026 · view 3

track 11641 · view 4

(b) One Gaussian support, multiple triangulated anchors

(c) Identity is not inherited

Gaussian #287494

4 distinct
track-anchor identities

Gaussian ID $\neq$ track ID $\neq$ anchor ID
